

FH Contracts – Procurement Points of Contact  
(Updated August 18, 2003)

In an effort to further improve our support and communication to our customers, FH Contracts has established specific Procurement Points of Contact for FH projects and functional organizations. These Procurement Points of Contact are your resource within FH Contracts to assist in creating requisitions, planning and scheduling acquisitions, development of statements of work, various justifications, and the effective execution of the procurement process.

The following provides the Procurement Point of Contact assignments:

**Projects**

Nuclear Material Stabilization  
Central Plateau  
FFTF  
Spent Nuclear Fuel
